

Medical Awareness Campaign

Date & Venue:

21.06.2015 & Exhibition Hall-JSS International School, Al Barsha, Dubai.

Presenter:

Lifeline Hospital, Jebal Ali Dubai.

Event Organizer:

Master.I.S.AdithyanRajan- Activity Coordinator-Middle School, JSSIS.

Participants:

Students of JSS International School, Al Barsha, Dubai.

Event Details:

-The present life style of students and their food habits are causing various problems to their health. As we know Prevention is better than Cure, we thought of arranging a Medical Awareness campaign for the benefit of students and teachers to conduct various checks like BMI, Eye Check and Blood test, Random Sugar respectively.

-Accordingly we expressed our interest to the Lifeline Hospitals management and they agreed to conduct the same in JSS School premises itself.

-After taking their confirmation, we submitted our request to the School management. They appreciated this initiative as this will help the students and teachers to identify their health condition to take preventive measures.

Registration by Students

Registration by Teachers

-Various counters like BMI Check, Eye Check, and Blood Check were formed. Students were tested by the able staff members from Lifeline Hospitals.

-We organized a separate counter for the benefit of the Ladies to have consultation from Lady Gynecologist Doctor.

Lifeline Hospitals handed over informative freebies to all the participants to make this useful and memorable one for them.

Conclusion:

All the participant students and teachers could identify their current health condition. The students realized that to avoid obesity it is good to avoid junk foods and take proper food. Regular health checkups is better for the elders so that they can take preventive action.

Our Sincere Thanks:

-We thank Lifeline Team for conducting the Medical Campaign for the benefit of students and teachers.

-We also thank our school management, our beloved teachers and Ms.Hema for her guidance and support to conduct this campaign.
